

A guide to preparing print-ready files - Paper cups

1. FILE FORMAT

We do not accept editable files.

PDF, TIFF, JPG are the preferred file formats.

We strongly advise that you supply artwork in PDF format

2. COLOR PROFILES

All files should be created in **CMYK** 8-bit colour mode.

3. GRAPHICS

All graphics should be saved at **300-360 dpi**

4. TEXT

All text objects must be **outlined** properly (pdf).

Min. font size: **6pt**

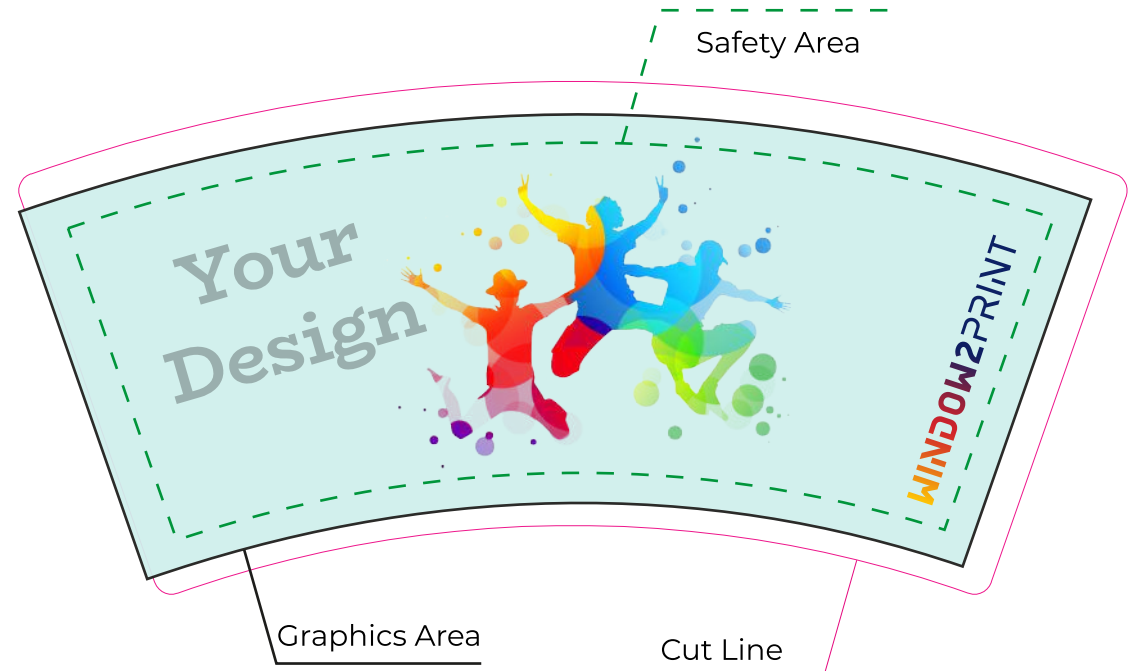

Min. font height: **1,2 mm**

5. TEMPLATE

Print file should be prepared on template available for download at the online shop:

- **simple rectangle template**
– we will adjust your graphics to the shape of the cup
- **advanced wrapped template**
– does not require our adjustment before printing

6. BLEED AND SAFETY MARGIN
